

The annual event dedicated to the ESRF user community and to user science

# ESRF USER MEETING

5-7 February  
2024

## 5 FEBRUARY

### 11 tutorials

Covering a wide range of theoretical and practical topics of direct interest to ESRF users

## 6 FEBRUARY

### Plenary session day

► Keynote speakers:

**Beatrice Vallone**

Università di Roma "La Sapienza",  
Rome, Italy

**Andrei Petukhov**

Debye Institute for Nanomaterials  
Science, Utrecht University,  
Netherlands

**Andreas Schaefer**

The Francis Crick Institute,  
London, United Kingdom

## 7 FEBRUARY

### 4 User-Dedicated Microsymposia

- **UDM1** - Towards filming macromolecular movies at the ESRF-EBS
- **UDM2** - Machine learning and databases in X-ray spectroscopy
- **UDM3** - Complementary use of inelastic and diffuse scattering
- **UDM4** - Introduction to the ESRF Human Organ Atlas Hub

► Special invited guest:

**Giovanna Fragneto**

European Spallation Source  
ERIC, Lund Sweden

► **Young Scientist Award**

► **ESRF-EBS facility report**

► **Poster session and prizes**

► **Commercial exhibition**  
of synchrotron-related  
equipment

## DEADLINES

**07 November 2023**

Young Scientist Award nominations

**03 December 2023**

User-Dedicated Microsymposia abstract submission

**15 January 2024**

Registration (no late registration accepted)  
Poster submission for Best Poster Prize contest  
and booklet
